February 8, 2021

COA Directors,

We wanted to reach out to share additional information for the Council on Aging (COA) drivers who are eligible to receive the COVID-19 vaccine.

COA drivers, both paid and unpaid, who are or will be **frequently transporting people ages 75 and older to COVID-19 vaccine appointments** are eligible to receive the COVID-19 vaccine.

Drivers are able to register for an appointment at the vaccination location where they will be most frequently providing transportation. They should register as a non-COVID-19 facing health care worker.

For the COA volunteer drivers who do not have an employee ID, we encourage the COA to provide a letter confirming their status as a volunteer driver transporting people to and from appointments. Please see attached template letter.

Please do not hesitate to contact me directly with any questions or questions.

Sincerely,

A handwritten signature in cursive script that reads "Carole Malone".

Carole Malone,  
Assistant Secretary
